TASK: MAKING A POSTER TO EDUCATE ON DEVELOPMENTAL CHALLENGES DURING ADOLESCENCE

Learners to work in groups to:

- a) source from printed and digital media information on how to make a poster that educates on developmental challenges during adolescence;
- b) make short notes on how to make the poster that educates on developmental challenges during adolescence;
- c) keep the information gathered and the short notes in a portfolio;
- d) share information collected, discuss and decide on procedures to follow to make the poster
- e) identify and collect materials they will require to make the poster;
- f) make the poster;
- g) display their finished product (the poster) in class for peer assessment;
- h) assess and reflect on their peers' poster on the suitability of the messages to educate on developmental challenges during adolescence and make suggestions for improvement if any.

The teacher to:

- a) comprehensively assess the suitability of the prepared poster to educate on developmental challenges during adolescence;
- b) orally ask the learners to explain to other learners how the material can be used to create awareness on the developmental challenges during adolescence.
